

PROPOSAL FOR ELECTIVE DIDACTIC ACTIVITIES (ADE) A.A. 2020-2021

TITLE ADE	Gender and Pain				
PROF./ DR.	PASQUALE SANSONE				
SCIENTIFIC DISCIPLINARY SECTOR (SSD)	SSD MED/41				
GENERAL AND SPECIFIC OBJECTIVES (MAX 500 CHARACTERS)	Students are encouraged to know the origin and physiopathology of Pain in all settings and kinds of patients. Gender medicine is a challenging field of study and research; it highlights gender-related differences from several points of view, hormonal, genetic and behavioural. All medical students should acquire a deep knowledge of complex exchange of messages and mechanisms originating from pain in men and women and their characteristics.				
ACTIVITY TYPE	PROPOSED ACTIVITY	MINIMUM DURATION (HOUR)	ADE DURATION (HOUR)	CFU	PROPOSED CFU
