

Student guide for booking ADEs

The booking system is available at: <https://cressi.unicampania.it/ADE>

Access takes place via the University's centralized authentication system and is limited to students who meet the requirements for booking ADEs.

Immediately after logging in, the "ADE List" section appears, showing the student the list of available ADEs.

By scrolling the table to the right, you can view, for each ADE, all the information relating to it, such as the booking dates and the date of the seminar, as well as the "Book" button, which allows you to make the booking.
