

Degree Course in Medicine & Surgery in English Language

ADE
A.A. 2024-2025

TITLE ADE		Diagnosis and Management of thyroid nodules			
PROF.		Lorenzo Scappaticcio			
SSD		MEDS-08/A - Endocrinology			
GENERAL AND SPECIFIC OBJECTIVES (MAX 500 CHARACTERS)		The internships aims to give clinical teachings on the diagnosis and management of thyroid nodules, which are a very common health problem and a diagnostic challenge in clinical practice of endocrinologists. We will discuss the main Thyroid Imaging Reporting and Data System (TI-RADS), the main thyroid cytology classifications, the best treatments (ultrasound follow-up, minimally invasive techniques, surgery). We will also have practical hours dedicated to how to perform and report a thyroid ultrasound, according to international guidelines.
